# KAYAK

**THE FIRST AND ONLY MIRAGEDRIVE  
IN 1996, WE REVOLUTIONIZED KAYAKING**

At Hobie, we believe that kayaking should be accessible, rewarding and - above all else - fun. This starts with locomotion. Why pull with your arms when it's infinitely more efficient to pedal with your legs? With the largest muscle group now in play, the MirageDrive produces full power and offers unprecedented maneuverability. Seating doesn't come any more comfortable than our hyper-adjustable Vantage Seating fit for a king. With breathable fabric, BOA®-set lumbar support, and dual height settings, you'll never want to leave it.

## SURF & SUP

### THE FINEST HANDCRAFTED BOARDS AVAILABLE

In the constantly evolving world of surfboards, the Hobie name has always stood for quality, innovation and craftsmanship. In the 1950s, Hobie Alter laid down the road map for the future of surfing. He was the first to build production foam and fiberglass surfboards, a mode that has been the dominant construction technique for half a century. To this day Hobie Surfboards are still made at the same factory in Capistrano Beach, California. Hobie has continued the innovative tradition with our lineup of stand up paddleboards. Utilizing proven board shaping and boat building technologies, Hobie has developed a spectrum of stand up paddleboards to fit almost every paddler's needs. From racing to recreation, from touring to inflatables, Hobie has you covered.

## SAIL

### FLYING HULLS & REVOLUTIONIZING SAILING SINCE 1968

Hobie revolutionized sailing with the Hobie 14. But in 1968, how could Hobie have known that that little fiberglass fun ticket would change the way the world sailed? Perhaps he was too busy to notice. After all, his follow-up vessel—the Hobie 16—rewrote the book just two years later. Today, the Hobie sailing fleet includes everything from the friendly rotomolded Wave and Getaway to the most approachable of all, the Hobie Mirage® Island Series - exceptional sailing trimarans outfitted with MirageDrive pedal power.
