HOBIE MIRAGE ECLIPSE®

DISCOVER YOUR
PARADISE

HOBIE MIRAGE ECLIPSE

Step aboard the Mirage Eclipse, the world's first stand up pedalboard. Designed for speed and stability, let the Eclipse take you on your next adventure.

MirageDrive® leg power moves you effortlessly through the water, the continuous rhythm of a pedal stroke driving two large fins back and forth. Chart your own course with simple fingertip steering while the Kick-Up Rudder helps keep you on track. There's minimal setup. Go from the car to the water in moments. Explore unknown waters, log your daily steps or embark on a pleasure cruise, the Mirage Eclipse provides endless opportunities to enjoy your time on the water.

ADVANCED FEATURES

MirageDrive Technology

20 years of pedal propulsion perfected. Step out at an easy glide and effortlessly power into a headwind or pick it up for an all-out sprint. The two fins fold against the board for shallow water and beach landings.

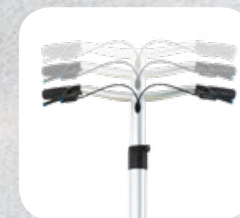

High-Grip EVA Deckpads

Soft cushioning provides all day comfort on the water. Stash your gear or secure a cooler with the rear Bungee tie-downs.

Removable Kick-Up Rudder

The options are endless. Pedal with your legs or lock the rudder into place for use as a traditional Stand Up Paddle Board.

Adjustable Handlebars*

Easily cut through the water with the pull of a lever. Pull right, go right. Pull left, go left. The Kick-Up Rudder keeps you on course with precise turning ability.

Easy To Transport

Bow and Stern carry handles make transporting a breeze. Disassemble in moments for easy car topping. Dura Eclipse has bow handles and option for side carry handles.

* ACX Eclipse only.

FIND BALANCE

Wind, waves, and wake? No worries. Extra board width and sturdy handlebars provide optimal stability. Get ready for a smooth and enjoyable ride.

KEEP IT SIMPLE

The Mirage Eclipse goes right from your car, dock, or boat to the water. The removable handlebar, MirageDrive and rudder means you can take this nearly anywhere. Fully disassemble in moments.

MAKE IT YOURS

Add a Hobie H-Crate to hold your fishing poles, a Standard Cart or Trax Cart to make transport a breeze. Attachable cup holder and universal phone mount are available to keep you refreshed and ready to capture every memory.
