FOUNDED ON INNOVATION

Inspired by his passion for the water, Hobie Alter created a lifestyle around fun and the outdoors.

Redefining limits through constant innovation, Hobie's inspired designs make experiencing the water more accessible and enjoyable.

A strong and unique heritage that lives on, rooted in decades of board shaping and boat building knowledge.

Constructed with the finest quality materials, every detail demonstrating the craftsmanship forever associated with Hobie.

Built to go far and to get you there fast, performance oriented products that whisk you away to your next adventure.

Get out there – and live the Hobie life.

ROTOMOLDED

BRAVO

From beginners to experts, the Bravo delivers good times

The Hobie Bravo is ideal for beginners on moderate days while still offering an entertaining ride for skilled hands on breezy days. Its unique hard deck attaches directly to the hulls. Sturdy rotomolded polyethylene construction makes the Bravo an ideal candidate for beach launchings and wind-day docking lessons, and its user-friendly, boomless mainsail twists off in puffs while remaining stiff enough to capture gentle breezes. Should the wind machine really start piping, the Bravo's sail, which flies off of an easy-to-step A-frame mast, is easily reefed.

STANDARD FEATURES:

- Impact-resistant rotomolded polyethylene hulls offer year of service
- Boomless square-top Dacron mainsail twists off in gusts for power control; angled full battens allow for easy reefing and furling
- A-frame mast is quick to rig
- EZ Loc Rudder System makes lowering or raising the rudder a quick task
- Four corner-mounted carrying handles and dual under-deck handles offer solid grips
- Single 8" "Twist and Seal" hatch keeps small items dry
- Six-scuppers cockpit drains quickly
- Padded hiking straps provide windy-day relief
- Non-conductive Comptip mast helps ensure safety
- "Hobie Bob" mast float and a dedicated righting line ease capsizing recovery

OPTIONS:

Boom, beach wheels/dolly

SPECS:

Crew - E.C. category: 1/2 - D
Length: 12' / 3.65 m
Beam: 4' 5" / 1.35 m
Capacity: 400 lbs. / 160 kg
Weight: 195 lbs. / 88.45 kg
Draft w/ Rudder Up: 9" / 0.23 m
Mast Length: 19' / 5.79 m
Sail Area: 86 ft² / 7.99 m²
Hull Construction: Rotomolded Polyethylene

ROTOMOLDED CATSY

Sailing discovery for the Young

Easy to assemble and to sail, the Hobie Catsy was specially designed for beginners in the sport of catamaran sailing.

STANDARD FEATURES:

- White polyethylene hulls
- Mast float
- Colored Dacron Mainsail with reef points
- Colored Dacron, jib with anti-UV strip
- Mesh trampoline with pockets
- Polyester rudder blades
- Tendon connection kit
- Standard blocks
- Hawaiian righting kit

OPTIONS:

Aluminium beach dolly

SPECS:

Crew - E.C. Category: 1/2 - D
Length: 3.10 m / 10' 2"
Beam: 1.66 m / 5' 5"
Mast Length: 4.10 m / 13' 5"
Mainsail Area: 4 m² / 53.8 ft²
Jib Sail Area: 0.85 m² / 9.15 ft²
Weight: 75 kg / 165 lbs
Capacity: 160 kg / 353 lbs
Hull Construction: Rotomolded Polyethylene

ROTOMOLDED WAVE

Sporty, stable and speedy, the Wave offers impressive mission flexibility

The minimal-maintenance Wave has earned its reputation as a fun and versatile beach cat thanks to its impressive buoyancy. While the Wave makes for a great social platform, it's also a sporty, performance-minded catamaran that boasts symmetrically shaped keels that create lift, without the need for daggerboards. The boat's rotomolded polyethylene hulls are safe, sturdy and encourage island exploration, while its sailplan can tackle everything from light airs to days when the wind is blowing dogs off chains. Additionally, the Wave stands ready to serve schools, resorts or charter fleets.

STANDARD FEATURES:

- Impact-resistant, rotomolded polyethylene hulls are positively buoyant and beaching-friendly
- Molded-in centerline keels replace daggerboards
- EZ Loc Rudder System simplifies raising and lowering rudder
- Fully-battened, multi-colored square top Dacron mainsail is boomless and features a safety view window (available in Martinique color)
- 3-piece mesh trampoline that's fitted using a system of laces and grommets
- Non conductive Comptip mast bolsters safety around wires
- Comfortable padded seat cushions provide all-day comfort
- "Hobie Bob" mast float and a dedicated righting line ease capsizing recovery

OPTIONS:

jib kit, spinnaker kit, padded backrests, beach wheels/dolly

SPECS:

Crew - E.C. category: 1/2 -D
Racing Crew: 1
Length: 13' / 3.96 m
Beam: 7' / 2.13 m
Draft w/ Rudder Up: 11" / 0.28 m
Mast Length: 20' / 6.09 m
Sail Area: 95 ft² / 9 m²
Weight: 245 lbs / 111 kg
Capacity: 442 lbs / 165 kg
Hull Construction: Rotomolded Polyethylene

ROTOMOLDED

T1

A recreative simple yet performant cat

With its international design, the Hobie T1 is simple and performant. Everything on board is meant for ergonomics and security : molded-in rear and front handles for easy transportation, crossbar attachments with ergonomic nuts with round smooth surface, 100 % waterproof crossbar and gudgeons inserts for easy assembly, anti-skid surface molded in the hulls on the deck and between the crossbars and the mast float. The fully battened colored Dacron loose-footed mainsail ("Catalina") with reef points and the smaller sail set ("Mistral") available for lighter crews complete the equipment.

STANDARD FEATURES:

- Rotomolded polyethylene two-shot hulls, with keel
- 100% waterproof inserts integrated in the hulls for beam assembly
- Molded-in rear and front handles
- Fully-battened, multi-colored square top loosfooted Dacron mainsail with reef points
- Dacron jib with anti-UV strip
- Blue mesh two-pocket trampoline attached with integrated tracks on hulls
- EZ Loc Rudder System
- Lexan rudder blades
- Aluminum mast and tiller extension
- Jib sheet fixed on front crossbar
- Integrated traveler track on rear crossbar
- Standard blocks
- SSI main traveler
- Righting line and "Hobie Bob" mast float for easy righting

OPTIONS :

Small sail kit, trapeze kit, trumpet spinnaker kit, furling jib, beach dolly.

SPECS:

Crew - E.C. category: **2- C / 3 - D**

Length: **4.04 m / 13' 3"**

Beam: **2.13 m / 7'**

Mast Length: **6.35 m / 21,65'**

Main Sail Area: **9 m² / 96,9 ft² (Catalina)**

7,20 m² / 77,5 ft² (Mistral)

Jib sail area: **2.25 m² / 24,2 ft²**

Weight: **120 kg / 264,5 lbs**

Capacity: **210 kg / 463 lbs**

Hull Construction: **Rotomolded Polyethylene**

ROTOMOLDED

GETAWAY

Fun with a friend - the Getaway is even better with the whole gang

One of sailing's greatest pleasures is sharing it with your loved ones, and the Getaway stands ready to help you mint indelible memories. While a shorthanded crew can handle the Getaway in modest breezes, this capable catamaran can carry up to six sailors, making it a versatile family pleaser. The boat's newly redesigned rotomolded polyethylene hulls feature reverse bows and an additional six inches of length (15 cm), improving the Getaway's playful performance. Enjoy impromptu picnic lunches, multi-boat raft-ups, and learn-to sail sessions. The Getaway's spacious nets provide ample seating, and optional wing seats bolster comfort and righting moment.

STANDARD FEATURES:

- Rotomolded-polyethylene hulls are positively buoyant and impact-resistant
- Integrated keels make beaching a breeze and eliminate the need for daggerboards
- EZ Loc Rudder System simplifies rudder operations
- Brightly colored, fully battened, boomless mainsail features a high-cut foot for easy tacks/gybes and ample visibility
- Forward and main mesh trampolines provide seating options
- Roller-furling jib streamlines headsail setup
- Integrated cooler/dry-storage chamber on both hulls provides storage options
- Comtip mast increases safety around power lines
- "Hobie Bob" mast float and righting line simplify capsizing recovery

OPTIONS:

Wing seats, single trapeze system, beach wheels/dolly

SPECS:

Crew - E.C. category: 3 - C / 4 - D

Length: 16' 7" / 5.20 m

Beam: 7' 8" / 2.34 m

Draft w/ Rudder Up: 10" / 0.25 m

Mast Length: 25' / 7.62 m

Sail Area: 180 ft² / 17 m²

Weight: 390 lbs / 177 kg

Capacity: 660 lbs / 300 kg

Hull Construction: Rotomolded Polyethylene

ROTOMOLDED

T2

A rotomolded rocketship for sailors who want it all

The can-do T2 matches a powerful sailplan and a double-trapeze rig with a pair of forgiving rotomolded polyethylene hulls to create a user-friendly, high-adrenaline rocketship. The T2's symmetrically shaped keels eliminate the need for daggerboards, and the boat's built-in righting line and "Hobie Bob" simplify righting maneuvers, should you accidentally discover the outside of the envelope. A square-topped mainsail, a Dacron jib, and an optional Gennaker make the T2 a perfect boat for sailors transitioning to high-performance multihull sailing, while still offering speed-to-burn performance to keep advanced-level sailors excited.

STANDARD FEATURES:

- Rotomolded polyethylene hulls with replaceable keel skids are durable and impact-resistant
- Square-topped, fully battened, brightly colored Dacron mainsail offers great leeward visibility
- Flat-cut Dacron jib is sheeted from a fixed point on the forward crossbar and features an integral anti-UV strip for easy furled-up storage
- Sturdy mesh trampoline features a handy sewn-in storage pocket
- EZ Loc Rudder System simplifies lowering or raising the rudder
- Tiller extension provides steerage control while hiking or weighting the wires
- Aluminum Mast
- "Hobie Bob" mast float and righting line simplify capsizing recovery

OPTIONS:

Gennaker kit with furler, Spinnaker launching and retrieval system, aluminum or Cat trax beach dolly,

SPECS:

Crew - E.C. category: **3 - C / 4 - D**

Length: **16' / 4.90 m**

Beam: **7' 8" / 2.43 m**

Draft w/ Rudder Up: **10" / 0.25 m**

Mast Length: **26' 6" / 7.93 m**

Sail Area: **172 ft² / 14.40 m²**

Weight: **388 lbs / 176 kg**

Capacity: **529 lbs / 240 kg**

Hull Construction: **Rotomolded Polyethylene**

MIRAGE

ADVENTURE ISLAND

The Hobie Adventure Island offers a ticket to multi-sport-fun

Pedal, paddle or sail: the Hobie Adventure Island easily converts from a capable kayak to a nimble trimaran, depending on the day's objective. Designed for singlehanded multi-sport fun, the Adventure Island sports a vertically battened, square-topped mainsail that can be roller-reefed in a breeze, as well as a pedal-powered Hobie MirageDrive® 180 that's equipped with brawny ST Turbo fins for light-air conditions. The comfortable Vantage CT seat, cleverly designed cockpit, retractable centerboard and sturdy rotomolded polyethylene hulls inspire solo or multi-boat exploits ranging from weekend escapes to playing-for-keeps events such as the Everglades Challenge.

STANDARD FEATURES:

- Pedal-powered reversing MirageDrive 180 eases locomotion on light-air days
- Ama floats and aka crossbars are lightweight and color-coordinated
- Fully-battened, boomless mainsail features an easy-to-use roller-reefing system
- Carbon-composite spar reduces weight aloft
- Custom spar and sail storage bag keeps your kit shipshape
- Integral centerboard fully retracts for skinny-water exploration
- Kick-up rudder simplifies launchings and beachings
- Two-part fiberglass paddle delivers upper-body workouts
- Plush Vantage CT seating is ready-made for extended adventures
- Stern cargo area, large covered bow hatch, and dual 8" "Twist and Seal" hatches accommodate multi-day stowage
- Lowrance® Ready System allows you to easily add Lowrance fishfinders and/or chartplotters

OPTIONS:

Livewell, aka trampoline kit, Hobie eVolve™ powered by Torqeedo electric motor kit, trailer, beach wheels/dolly

SPECS:

Crew - EC Category : **1-D**
Length: 16' 7" / 5.05 m
Beam w/ Amas Out: **9' 6" / 2.90 m**
Beam w/ Amas Folded In: **44" / 1.12 m**
Capacity*: **400 lbs / 181.44 kg**
Fitted Hull Weight*: **105 lbs / 48 kg**
Fully Rigged Weight*: **142 lbs / 65 kg**
Mast Length: **16' 6" / 5.03 m**
Sail Area: **65 ft² / 6.04 m²**
Hull Construction: **Rotomolded Polyethylene**

MIRAGE TANDEM ISLAND

Amplify your on-the-water fun with the one-or-two person Tandem Island

When it comes to doubling down on the fun factor, it's almost impossible to beat the Tandem Island, an expedition-worthy kayak that quickly shape shifts into a nimble, two-person trimaran. The "TI" features three durable, rotomolded polyethylene hulls that encourage shallow-water exploration and enough watertight hatches and on-deck storage for a proper saline sabbatical. High-octane features include a two-part carbonfiber mast, a roller-reefing mainsail, a fully retractable centerboard, Harken blocks, dual MirageDrive 180's, and kick-up rudders. All running rigging is routed to both cockpits, and driving is a fingertip affair thanks to the boat's intuitive steerage controls.

STANDARD FEATURES:

- Two pedal-powered reversing MirageDrive 180 and two two-part fiberglass paddles provide efficient locomotion on light-air days
- Ama floats and deck-mounted aka crossbars are lightweight and color-coordinated and easily retracted/removed
- Fully-battened, boomless mainsail features an easy-to-use roller-reefing system
- Carbon-composite spar reduces weight aloft
- Integral centerboard fully retracts for skinny-water exploration
- Kick-up rudder simplifies launchings and beachings
- Plush Vantage CT Seating is ready-made for extended adventures
- Stern cargo area, large covered bow hatch and three 8" "Twist and Seal" hatches accomodates multi-day stowage
- Fingertip steerage and sail controls in both cockpits streamline sailhandling and driving
- Molded-in rod (2) and cup/bottle (4) holders encourage long days afloat

OPTIONS:

Livewell, aka trampoline kit, Hobie eVolve™ powered by Torqeedo electric motor kit, trailer, beach wheels/dolly

SPECS:

Crew - E.C. category: 2-D
Length: 18' 6" / 5.64 m
Beam w/ Amas Out: 10' / 3.05 m
Beam w/ Amas Folded In: 4' / 1.22 m
Capacity*: 600 lbs / 272 kg
Fitted Hull Weight*: 129 lbs / 59 kg
Fully Rigged Weight*: 240 lbs / 109 kg
Mast Length: 18' / 5.49 m
Sail Area: 90 ft² / 8.4 m²
Hull Construction: Rotomolded Polyethylene
Lowrance ready system included*

HOBIE SAILING IS...

Hobie 16 Worlds
Jervis Bay, Australia

Iconic Hobie Cats have launched straight from the sand and flown hulls since 1968. Easy to set up, quick to learn yet ready to challenge the most aggressive sailor's skills, Hobie boats forever transformed sailing. Gather your crew. Today, Hobie fleets sail six continents, racing with the International Hobie Class Association.

FIBERGLASS DRAGOON

From initiation to performance racing with the Hobie Drogoon

The Drogoon is the result of the collaboration between sailing schools and Hobie Cat. It has been specially designed to train sailors from initiation to performance racing. This catamaran is equipped to start sailing in regattas, then evolve into highly competitive competition.

STANDARD FEATURES:

- White fiberglass hulls
- Neoprene anti-skid strip
- Colored Dacron sails, radial cut, reef points in main sail and jib on furler
- Mesh trampoline with pocket
- Lexan rudder blades
- TCM connection kit
- Aluminium tiller extension
- Rear crossbar with integrated rail
- Standard blocks
- SSI main traveler
- Mast float (Club model)

OPTIONS:

2-piece mast, Rudder cover kit, trumpet spinnaker kit (Club), Righting kit, aluminium beach dolly, Xtrem kit (including Self tacking jib kit, trumpet spinnaker kit, race rudder assembly and race blocks)

SPECS:

CREW - E.C. CATEGORY: 2-C / 3-D
RACING CREW : 2
LENGTH: 3.91 m / 12' 8"
BEAM: 2.20 m / 7' 2"

MAINSAIL AREA: 9.50 m² / 102 ft²
JIB SAIL AREA: 2.20 m² / 23,7 ft²
SPI AREA: 10,31m² (Xtrem) / 110,98 ft²
WEIGHT : 114 kg / 251 lbs (Club) - 122 kg / 269 lbs (Xtrem)
CAPACITY: 240 kg / 529 lbs
HULL CONSTRUCTION: Fiberglass/Foam Sandwich

FIBERGLASS HOBIE 15

The famous school boat

Highly recreational and forgiving, the Hobie Cat 15 Club has a great floatability. With its wide platform, it is the reference boat for school sailing and safe family leisure.

STANDARD FEATURES:

- White reinforced fiberglass hulls
- Removable protection keel
- Anti-skid neoprene
- Dacron colored sails, with reef points in the main
- Dacron jib with anti-UV stripe
- White trampoline with pocket
- Lexan rudder blades "Easy Lock" rudder system
- TCM connection kit
- Aluminium tiller extension
- Rear crossbar with integrated rail
- Standard blocks
- Jib halyard "Worlds"
- CCT main traveller
- Double trapeze
- Mast float

OPTIONS:

2-piece mast, Mesh trampoline, Jib furler kit, Rudder cover kit, trumpet spinnaker kit, Gen-naker kit on furler, Righting kit, aluminium beach dolly

SPECS:

CREW - E.C. CATEGORY: 3-C / 4-D

LENGTH: 4.95 m / 16' 4"

BEAM: 2.26 m / 7' 5"

MAST LENGTH: 7.20 m / 23' 7"

MAINSAIL AREA: 11.50 m² / 124 ft²

JIB SAIL AREA: 3 m² / 37,7 ft²

SPI AREA : (option) 17,5 m² / 188,37 ft²

WEIGHT: 155 kg / 342 lbs

CAPACITY: 320 kg / 705 lbs

HULL CONSTRUCTION: Fiberglass/Foam Sandwich

FIBERGLASS HOBIE 16

Setting international standards for multihull fun since 1970

Forget stuffy yacht clubs and overcooked nautical pageantry: The beach-launched Hobie 16 redefines international paradigms by offering high-performance sailing without the straw hats and stuffed shirts. The Hobie 16 uses a double-trapeze rig to tame its powerful sailplan, and its lift-generating asymmetrical fiberglass hulls eliminate the need for crew-work intensive daggerboards. The result is a sporty thrill machine that has introduced a myriad of sailors to evolving apparent-wind angles and multi-hull fun. More than a hundred thousand boats later, the Hobie 16 commands respect thanks to its ability to fly hulls and generate grins.

STANDARD FEATURES:

- Asymmetrically shaped fiberglass hulls eliminate daggerboards and facilitate easy beach launchings and landings
- Kick-up rudder system makes for easy landings on beaches and boat ramps
- Powerful, brightly colored Dacron mainsail and jib are race-ready and internationally iconic
- Double-trapeze rig allows you to control the boat's powerful sailplan
- Ball-bearing Harken blocks dramatically reduce line-handling friction
- Black anodized-aluminum spar is stiff and lightweight and features a Comptip mast for increased safety margin when sailing near power lines
- Elevated trampoline helps ensure a dry ride and great footing while weighting the trapeze wires
- Carbon-fiber rudder foils are strong and lightweight

OPTIONS:

2 piece mast, reef points in the main sail, trumpet spinnaker kit (including spi), gennaker kit on furler, cover kit (trampoline / rudders / spinnaker trumpet), righting kit, mast float, aluminium beach dolly

SPECS:

Crew - E.C. Category: **2/3 - C**
Racing Crew: **2**
Length: **5.05 m / 16' 9"**
Beam: **2.41 m / 7' 11"**
Mast Length: **7.92 m / 26'**
Main Sail Area: **13.77 m² / 148 ft²**
Jib Sail Area: **5.12 m² / 55 ft²**
SPI AREA: (option) **17.5 m² / 188,37 ft²**
Weight: **145 kg / 320 lbs**
Capacity: **240 kg / 529 lbs**
Hull Construction: **Fiberglass/Foam Sandwich**

FIBERGLASS PEARL

Authentic emotions, discovery, adventures with the Pearl

Intense sensations, while safeguarding the origins, a unique source of inspiration... The Pearl was imagined and conceived to offer immense pleasure to all, a unique opportunity to share the authentic emotions of raids and adventures on an 18 footer among friends.

STANDARD FEATURES:

- White fiberglass hulls with EVA anti-skid and swiveling center-boards
- Colored Dacron sails with reef point
- Mesh trampoline mesh with pocket
- White Knight rudder blades
- TCM connection kit
- Telescopic tiller extension
- Rear crossbar with integrated rail
- Race blocks
- Ball bearing main traveler
- Jib furler
- Gennaker kit on furler
- Double trapeze

OPTIONS:

2-piece mast, Mast float, Cover kit trampoline/rudders, Righting kit, Cat Trax with cradles, Cruiser wing kit

SPECS:

Crew - E.C. Category: **3-C / 4-D**

Length: **5.48 m / 18'**

Beam: **2.55 m / 8' 4"**

Mast Length: **9 m / 29' 6"**

Mainsail Area: **17 m² / 183 ft²**

Jib Sail Area: **4.15 m² / 44.7 ft²**

Gennaker Area: **15 m² / 161.5 ft²**

Weight: **190 kg / 396 lbs**

Capacity: **240 kg / 529 lbs**

Hull Construction: **Fiberglass/Foam Sandwich**

FIBERGLASS

WILD CAT

Speed, power, and face-splitting smiles define the Wild cat experience

If speed is your game, the Hobie Wild Cat stands ready to over-deliver—just add wind, water, and some weight on the trapeze wires, and this high-performance catamaran will demolish your expectations for on-the-water fun. Featuring wave-piercing bows, a rotating wing mast, a double-trapeze rig, carbon-fiber rudders and daggerboards, and a pair of lightweight fiberglass hulls, the Wild Cat has the racing pedigree to devastate most racecourses. The Wild Cat's sailplan includes a square-top, Pentax Mylar mainsail, a self-tacking jib and an asymmetric spinnaker that's easily extinguished in a breeze thanks to its sock-style snuffer system. *Giddyap!*

STANDARD FEATURES:

- Fiberglass hulls with EVA anti-skid and stern-mounted inspection ports are lightweight and stiff
- Rudder blades and daggerboards are carbon fiber-reinforced for strength and weight savings
- Carbon-fiber telescoping tiller extension eases steerage while hiking-out
- Rotating wingmast provides extra lift and performance
- Powerful, square-topped, Pentax Mylar mainsail and fully battened, self-tacking jib provide ample horsepower
- Spinnaker and sock-style snuffer maximize smiles while sailing off the breeze
- Dual-trapeze rig tames the powerful sailplan
- 10:1 mainsheet system with ball-bearing Harken blocks encourage heavy-air sailing
- 16:1 Cunningham system uses lightweight and strong Spinlock blocks
- Double trapeze

OPTIONS:

beach wheels/dolly hull cradles, boat blade & mast covers

SPECS:

Crew: 2
