In 1950, Hobie Alter shaped his first surfboard in his parents’ garage in Laguna Beach, California. His visionary designs challenged the limits of watersports and inspired a culture of ingenuity and craftsmanship that lives on today.

From surfboards and world-class catamarans, to revolutionary kayaks and stand-up pedalboards, Hobie is driven by a passion for delivering the most advanced, enjoyable and accessible watersport products available. The Hobie brand continues to be synonymous with leading-edge adventure on the water.

Today, Hobie’s passion for the water is built into every product we make. Based in Oceanside, CA, Hobie is steadfast in its unwavering commitment to unsurpassed quality, expert craftsmanship and superior performance. Built to go far and get you there fast. Live the Hobie way of life.
THE HOBIE ADVENTURE ISLAND OFFERS A TICKET TO MULTI-SPORT-FUN

Pedal powered or sail, the Hobie Adventure Island easily converts from kayak capable to sailboat or trimaran, depending on the day's objective. Designed for long-haul multi-sport fun, the Adventure Island sports a vertically battened, square-topped mainsail that can be fully erected in a breeze, as well as a pedal-powered Hobie MirageDrive® 180 that is equipped with bronze ST Turbo fins for light-air conditions. The comfortable Vantage CT seat, cleverly designed centerboard, and sturdy reeveded polyethylene hulls single the Hobie Adventure Island out as multi-purpose fun for multi-day stowage, long beach excursions to playing the key events such as the Everglades Challenge.

STANDARD FEATURES:
• Pedal-powered reversing MirageDrive 180 makes locomotion on light-air days
• Ama floats and aka crossbars are lightweight and color-coordinated
• Fully-battened, boomless mainsail features an easy-to-use roller-reefing system
• Carbon-composite spars reduce weight aloft
• Carbon spars and sail storage bag keep your kit in tip-top shape
• Integral centerboard fills requisites for skinny-water exploration
• Kick-up rudder simplifies launchings and beachings
• Two-part fiberglass paddle delivers upper-body workouts
• Plush Vantage CT seating is ready-made for extended adventures
• Stern cargo area, large covered bow hatch, and dual 6” “Twist and Seal” hatches accommodate multi-day storage
• Lowrance® Ready System allows you to easily add Lowrance fishfinders and/or chartplotters

OPTIONS:
• Livewell, aka trampoline kit, Hobie eVolve™ powered by Torqeedo electric motor kit, trailer, beach wheels/dolly

AMPLIFY YOUR ON-THE-WATER FUN WITH THE ONE-OR-TWO PERSON TANDEM ISLAND

When it comes to doubling down on the fun factor, it’s almost impossible to beat the Tandem Island, an expedition-worthy kayak that quickly shape shifts into a nimble, two-person trimaran. The “TI” features three durable, rotomolded polyethylene hulls that encourage shallow-water exploration and enough watertight hatches and on-deck storage for a proper saline sabbatical.

High-octane features include a two-part carbonfiber mast, a roller-reefing mainsail, a fully retractable centerboard, kick-up rudders, dual MirageDrive 180’s, and a lowrance ready system included. All running rigging is routed to both cockpits, and driving is a fingertip affair thanks to the boat’s intuitive steerage controls.

STANDARD FEATURES:

- Two pedal-powered reversing MirageDrive 180 and two two-part fiberglass paddles provide efficient locomotion on light-air days
- Ama floats and deck-mounted aka crossbars are lightweight and color-coordinated and easily retracted/removed
- Fully-battened, boomless mainsail features an easy-to-use roller-reefing system
- Carbon-composite spar reduces weight aloft
- Integral centerboard fully retracts for skinny-water exploration
- Kick-up rudders simplify launchings and beachings
- High-octane 27 sq ft dinghy is ready-made for extended adventures
- Stern cargo area, large covered bow hatch and three 8” “Twist and Seal” hatches accommodate multi-day storage
- Fingertip steerage and sail controls in both cockpits streamline sailhandling and driving
- Molded-in rod (2) and cup/bottle (4) holders encourage long days afloat

OPTIONS:

- Livewell, aka trampoline kit, Hobie eVolve™ powered by Torqeedo electric motor kit, trailer, beach wheels/dolly

FROM BEGINNERS TO EXPERTS, THE BRAVO DELIVERS GOOD TIMES

The Hobie Bravo is ideal for beginners on moderate days while still offering an entertaining ride for skilled hands on breezy days. Its unique hard deck attaches directly to the hulls. Sturdy rotomolded polyethylene construction makes the Bravo an ideal candidate for beach launchings and wind-day docking lessons, and its user-friendly, boomless mainsail twists off in puffs while remaining stiff enough to capture gentle breezes. Should the wind machine really start piping, the Bravo’s sail, which flies off of an easy-to-step A-frame mast, is easily reefed.

STANDARD FEATURES:
- Impact-resistant rotomolded polyethylene hulls offer year of service
- Boomless square-top Dacron mainsail twists off in gusts for power control; angled full battens offer for easy reefing and furling
- A-frame mast is quick to rig
- EZ-Loc Rudder System makes lowering or raising the rudder a quick task
- Four corner-mounted carrying handles and dual under-deck handles offer solid grips
- Single 8” “Twist and Seal” hatch keeps small items dry
- Six scuppers cockpit drains quickly
- Padded hiking straps provide windy-day relief
- Non-conductive Comptip mast helps ensure safety
- “Hobie Bob” mast float and a dedicated righting line ease capsize recovery

OPTIONS:
Aluminum trailer, Boom, beach wheels/dolly

ROTOMOLDED BRAVO

SPECS:
- Crew: 1-2
- Length: 12’ / 3.65 m
- Beam: 4’ 5” / 1.35 m
- Capacity: 400 lbs. / 160 kg
- Weight: 195 lbs. / 88.45 kg
- Draft w/ Rudder Up: 9” / 0.23 m
- Mast Length: 19’ / 5.79 m
- Sail Area: 87 ft² / 7.99 m²
- Hull Construction: Rotomolded Polyethylene
SPORTY, STABLE AND SPEEDY, THE WAVE OFFERS IMPRESSIVE MISSION FLEXIBILITY

The minimal-maintenance Wave has earned its reputation as a fun and versatile beach cat thanks to its impressive buoyancy. While the Wave makes for a great social platform, it’s also a sporty, performance-minded catamaran that benefits from symmetrically shaped keels that create lift, without the need for daggerboards. The boat’s rotomolded polyethylene hulls are safe, sturdy and encourage island exploration, while its sailplan can handle everything from light airs to days when the wind is blowing dogs off chains. Additionally, the Wave stands ready to serve schools, resorts or charter fleets.

STANDARD FEATURES:
- Impact-resistant, rotomolded polyethylene hulls are positively buoyant and beaching-friendly
- Molded-in symmetric keels replace daggerboards
- EZ Loc Rudder System simplifies raising and lowering rudder
- Fully-battened, multi-colored square top Dacron mainsail is boomless and features a safety view window (available in Martinique color)
- 3-piece mesh trampoline that’s fitted using a system of laces and grommets
- Non-conductive Comptip mast booters safety around wires
- Comfortable, padded seat cushions provide all-day comfort
- “Hobie Bob” mast float and a dedicated righting line ease capsize recovery

OPTIONS:
- Aluminum trailer, jib kit, spinnaker kit, padded backrests, beach wheels/dolly

specs:
- Crew: 1-4
- Length: 13’ / 3.96 m
- Beam: 7’ / 2.13 m
- Draft w/ Rudder Up: 11” / 0.28 m
- Mast Length: 20’ / 6.09 m
- Sail Area: 95 ft² / 9 m²
- Weight: 205 lb / 111 kg
- Capacity: 800 lb / 362 kg
- Hull Construction: Rotomolded Polyethylene
One of sailing’s greatest pleasures is sharing it with your loved ones, and the Getaway stands ready to help you mint indelible memories. While a shorthanded crew can handle the Getaway in modest breezes, this capable catamaran can carry up to six sailors, making it a versatile family pleaser. The boat’s newly redesigned rotomolded polyethylene hulls feature reverse bows and an additional six inches of length (15 cm), improving the Getaway’s playful performance. Enjoy impromptu picnics, multi-boat raft-ups, and learn-to-sail sessions. The Getaway’s spacious nets provide ample seating, and optional wing seats bolster comfort and righting moment.

**STANDARD FEATURES:**
- Rotomolded polyethylene hulls are positively buoyant and impact resistant
- Integrated keels make beaching a breeze and eliminate the need for daggerboards
- EZ Loc Rudder System simplify rudder operations
- Brightly colored, fully battened, boomless mainsail features a high-cut foot for easy tucks, jibes, and ample visibility
- Forward and main mesh trampolines provide seating options
- Roller-furling jib streamlines headsail setup
- Integrated cooler/dry-storage chamber on both hulls provides storage options
- Comptip mast increases safety around power lines
- “Hobie Bob” mast float and righting line simplify capsize recovery

**OPTIONS:**
- Wing seats, single trapeze system, beach wheels/dolly

**SPECS:**
- Crew: 1-6
- Length: 5.18 m
- Beam: 2.34 m
- Draft w/ Rudder Up: 0.25 m
- Mast Length: 7.62 m
- Sail Area: 17 m²
- Weight: 176 kg
- Hull Construction: Rotomolded Polyethylene

**ROTOMOLDED GETAWAY**

**FUN WITH A FRIEND - THE GETAWAY IS EVEN BETTER WITH THE WHOLE GANG**

Forget stuffy yacht clubs and overcooked nautical pageantry: The beach-launched Hobie 16 redefines international paradigms by offering high-performance sailing without the straw hats and stuffed shirts. The Hobie 16’s double-trapeze rig to tame its powerful sailplan, and its lift-generating asymmetrical fiberglass hulls eliminate the need for conversion-intensive daggerboards. The result is a sporty thrill machine that has introduced a legion of sailors to evolving apparent-wind angles and multihull fun. More than a hundred thousand boats later, the Hobie 16 commands respect thanks to its ability to fly hulls and generate grins.

- Asymmetrically shaped fiberglass hulls eliminate daggerboards and facilitate easy beach launchings and landings
- Kick-up rudder system makes for easy landings on beaches and boat ramps
- Powerful, brightly colored Dacron mainsail and jib are race-ready and internationally iconic
- Double-trapeze rig allows you to control the boat’s powerful sailplan
- Ball-bearing Harken blocks dramatically reduce line-handling friction
- Black anodized-aluminum spar is stiff and lightweight and features a Comptip mast for increased safety margin when sailing near power lines
- Elevated trampoline helps ensure a dry ride and great footing while weighting the trapeze wires
- Carbon-fiber rudder foils are strong and lightweight

**STANDARD FEATURES:**

**OPTIONS:**
- 2 piece mast, reef points in the main sail, trumpet spinnaker kit, genoa kit on furler, cover kit (trampoline / rudders / spinnaker trumpet),ighting kit, mast float, aluminum beach dolly

**SPECs:**
- Crew: 1-4
- Length: 16’ 7” / 5.04 m
- Beam: 7’ 11” / 2.41 m
- Mast Length: 26’ 6” / 8.07 m
- Total Sail Area: 218 ft² / 20 m²
- Weight: 320 lbs / 145 kg
- Capacity: 800 lbs/362 kg
- Hull Construction: Fiberglass/Foam Sandwich
